

January 1, 2015

This year the “*Santa’s Assistance*” committee, the people who designate the proceeds from the RCH Christmas Party Gift baskets, had a little extra to do! The committee was informed about a girl that was in great need. But instead of a gift card, the committee decided to shop for her. Lisa and Sarah VonFeldt had a great time buying clothes, pajamas, hair accessories, soap, lotion, a jacket, gloves and a hat, a backpack, lip gloss and art supplies for her. There were also several other items that were purchased, because we wanted to be sure that this girl had everything she needed. We wanted to share with everyone that we know we have made a HUGE difference in this child’s holiday... and we should all be so proud of we can accomplish together. Thank you!

RADIOLOGY NEWS:

Randy Richmeier has achieved his CT certification and is now registered in CT. In order to sit for the National Certification exam, the technologist must independently complete, document and be signed off on a selected number and variety of CT exams, including Angio work. In addition to completing exams, there are several text books used for studying purposes. Once starting this process, the technologist has a two year window to complete the requirements and sit for the exam. Randy is also a registered MRI technologist, and now joins Eric Goetz, among the CT registered Imaging Specialists here at RCH. Congratulations Randy!
